

G & G ITALIA

designer furniture

ABOUT US

At G&G Italia, we design and produce a broad selection of outdoor furniture to the finest hotels and establishments worldwide.

We are a luxury brand specialising in not only wicker weaving, but also innovative furniture in new materials such as outdoor fabrics, outdoor ropes, straps, teak wood and aluminium.

Our creations are inspired by the Italian style, which has always been a leader in the world of design, architecture, furnishing and decoration.

We provide a total solution for furnishing all outdoor areas and terraces offering a wide range of styles, materials and finishings. Our attention to detail, close quality control at all stages of productions and the use of top grade materials result in total satisfaction.

In addition to the main product range, we manufacture individual bespoke items, made to order in accordance to the architect's plans, regardless of their complexity or design.

QUIENES SOMOS

G&G Italia es diseñador y fabricante de una amplia gama de mobiliario de uso exterior y suministra a los mejores hoteles y establecimientos a traves del mundo.

Somos una marca de lujo que no solo se especializa en el entrenzado de fibras sino tambien en novedosos materiales como pueden ser los textiles náuticos, diferentes tipos de cuerdas, la madera teca y el aluminio.

Nuestros diseños y creaciones están inspirados en el estilo Italiano que siempre ha tenido un rol de liderazgo en el mundo del diseño, arquitectura y decoración.

Ofrecemos una solución completa para terrazas y espacios exteriores ofreciendo una amplia gama de estilos , materiales y terminaciones.

Ademas de nuestras colecciones también fabricamos mobiliario a medida acordes con sus planes de diseño independientemente de su complejidad.

FABRIC SPECS

Especificaciones de tela

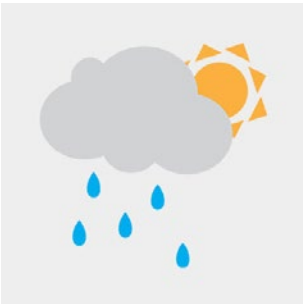

Environmentally friendly

Woven from 100% solution dyed olefin yarn, 100% recyclable.

Cuida el medio ambiente

Tejido de hilo de olefina teñido al 100% en solución. 100% reciclable.

Excellent weatherability

Long-term sustainability to sunlight, wind, rain and humidity. Perfect for all Outdoor applications.

Excelente resistencia a la intemperie

Resistencia de larga duración a la exposición prolongada a la luz solar, el viento, la lluvia y la humedad.

Superb UV protection

High UV protection rating. Capable of blocking more than 97% of UV Rays.

Excelente protección UV

Alto índice de protección UV. Capaz de bloquear más del 97% de rayos UV.

Easy maintenance

Water repellent and extreme stain resistant, using a natural anti adhere coating. Keeps the fabric looking clean, fresh and new.

Fácil mantenimiento

Repelente al agua y extrema resistencia a las manchas, con antiadherente natural aplicado. Mantiene la tela con un aspecto limpio, fresco y nuevo.

Safe for direct skin contact

Oeko-Tex certified: Free of substances which might be harmful to humans and environment.

Seguro al contacto directo con la piel

Certificación Oeko-Tex: Libre de sustancias que pueden ser perjudiciales para los seres humanos y el medio ambiente.

Hygiene protection

Safe for your health. Inhibits microbial developments and mould stains.

Protección de la higiene

Seguro para su salud. Inhibe los desarrollos microbianos y las manchas de moho.

Outstanding Colour Fastness

Strong colour fastness to artificial weathering. Tested with the result of 7/8 in accordance to British Standard (BS EN ISO 105-B04).

Excelente solidez del color

Fuerte solidez del color a la intemperie artificial. Probado con el resultado de 7/8 de acuerdo con la norma británica (BS EN ISO 105-B04).

URECEL QUICKDRY® FOAM

Espuma de secado rápido Urecel

Urecel QuickDry® is produced by a sophisticated process called Hydro-Blast Reticulation. This is what gives Urecel QuickDry® its unique porous open-cell structure – and why it completely outperforms closed-cell, non-reticulated, regular foams.

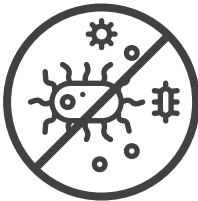

Wide, open cells provide optimal drainage and circulate air... Urecel QuickDry® is the advanced, high-performance foam designed specifically for outdoor cushion and outdoor foam. It's the best you can buy.

The large, open pores in Urecel QuickDry® allow water to drain very rapidly and fresh air to circulate freely and continuously. Urecel QuickDry® is the perfect seating solution for customers in climates with regular rainfall and high humidity.

Urecel QuickDry® se produce mediante un proceso sofisticado llamado Hydro-Blast Reticulation. Esto es lo que le da a Urecel QuickDry® su exclusiva Marco porosa de células abiertas, y por eso supera por completo a las espumas regulares de células cerradas, no reticuladas.

Las celdas abiertas y anchas brindan un drenaje óptimo y aire de circulación ... Urecel QuickDry® es la espuma avanzada de alto rendimiento diseñada específicamente para cojines para exteriores y espuma para exteriores. Es lo mejor que puedes comprar.

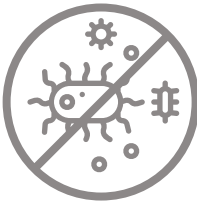

Los poros grandes y abiertos en Urecel QuickDry® permiten que el agua se drene muy rápidamente y que el aire fresco circule libre y continuamente. Urecel QuickDry® es la solución de asiento perfecta para clientes en climas con lluvias regulares y alta humedad.

Available in:
Round or flat braid.

Our collection of outdoor braids are made with solution dyed Italian yarn using special UV protector and antioxidants with a patented spinning process.

The ropes resist sunlight, saltiness, chlorine, acid, sunscreen cream, abrasion, sweat and stains for many years.

All our braids are composed of special high tenacity yarn that maintains the textile strength for many years.

- 100% resistance to mould and bacteria.
- Excellent UV resistance for all braids.
- Excellent results to dry and wet friction tests.
- Resistance to liquid stains including sunscreen cream.

Disponibile en:
Cuerda plana o redonda.

Nuestra colección de trenzas para exteriores está hecha con hilados italianos teñidos en solución con un protector UV especial y antioxidantes con un proceso de hilado patentado.

Las cuerdas resisten la luz solar, la salinidad, el cloro, el ácido, la crema de protección solar, la abrasión, el sudor y las manchas durante muchos años.

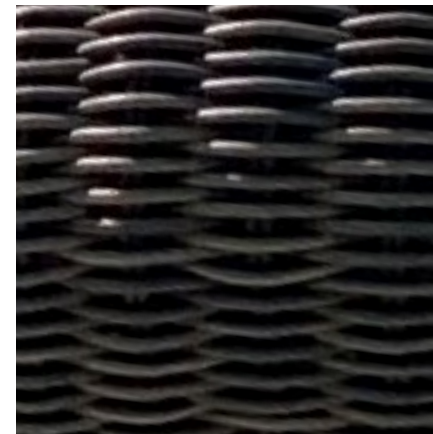

Todas nuestras trenzas están compuestas por un hilo especial de alta tenacidad que mantiene la resistencia del tejido durante muchos años.

- 100% de resistencia al moho y bacterias.
- Excelente resistencia a los rayos UV para todas las trenzas.
- Excelentes resultados en pruebas de fricción en seco y en húmedo.
- Resistencia a las manchas líquidas, incluida la crema de protección solar.

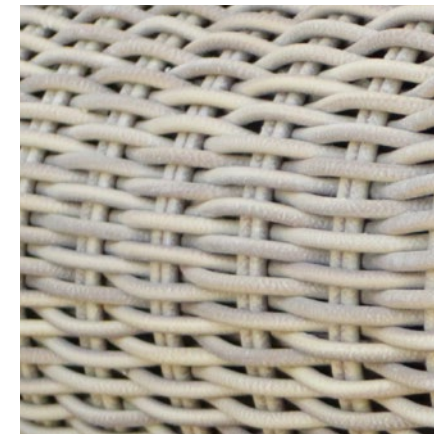

FIBERS

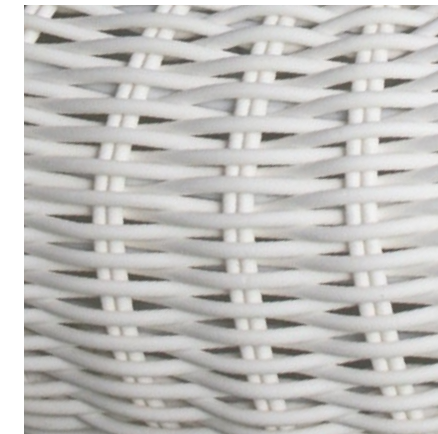

Fibras

Kubu

Brown-Cane

White

Available in:

Flat, round or twisted fiber.

We use Viro® synthetic fibers for our outdoor range. Viro® is 100% HDPE (High Density Polyethylene) which means that it is non-toxic and 100% recyclable. Viro® is regarded as one of the top 3 high end fiber brands.

- UV Resistant.
- Resistant to chlorine, salt and suntan creams / oils.
- Colour-fast and will not fade.
- Weatherproof, will not stain from water or dirt and is not vulnerable to rot, mould or mildew.
- Extremely durable, will not warp or crack.
- Ease of maintenance.
- 100% recyclable.

Disponibile en:

Fibra plana, redonda o retorcida.

Utilizamos fibras sintéticas Viro® para nuestra gama de exteriores. Viro® es 100% HDPE (polietileno de alta densidad), lo que significa que no es tóxico y es 100% reciclable. Viro® es considerado una de las 3 mejores marcas de fibra de gama alta.

- Resistente a los rayos UV.
- Resistente al cloro, la sal y las cremas / aceites bronceadoras.
- El color no se destiñe y no se aclara.
- Resistente a la intemperie, no se mancha con el agua o la suciedad y no es vulnerable a la pudrición, el moho ni el moho.
- Extremadamente duradero, no se combará ni agrietará.
- Facilidad de mantenimiento.
- 100% reciclable.

ALUMINIUM ALUMINIO

Our furniture range features strong 1.8mm Aluminium tube framing that is high-density welded and reinforced with powder coating providing added strength and longevity. Aluminium has zero toxicity.

Powder coated aluminium is easy to clean with clear water and a pH-neutral fluid detergent. Stubborn stains can be removed with Aluminium Cleaner.

Nuestra gama de muebles cuenta con un sólido bastidor de tubo de aluminio de 1,8 mm, soldado a alta densidad y reforzado con un recubrimiento en polvo, lo que brinda mayor resistencia y longevidad. El aluminio tiene cero toxicidad.

El aluminio recubierto con polvo es fácil de limpiar con agua limpia y un detergente fluido de pH neutro. Las manchas difíciles se pueden eliminar con el limpiador de aluminio.

TEAK TECA

Our furniture is made from superior quality indonesian teak wood. This wood has silica and natural oils that make it naturally resistant to termites and other pests. Very durable and resilient, it can last for several decades without becoming damaged. It's resistant to regular wear and tear, and ages gracefully. The grain, pattern and color stand out even after years of use and gentle care, which makes Indonesian teak furniture a popular choice.

Nuestros muebles están hechos de madera de teca indonesia de calidad superior. Esta madera tiene sílice y aceites naturales que la hacen naturalmente resistente a las termitas y otras plagas. Muy duradera y resistente, puede durar varias décadas sin sufrir daños. Es resistente al desgaste normal, y envejece con gracia. El grano, el patrón y el color se destacan incluso después de años de uso y cuidado, lo que hace que los muebles de teca indonesios sean una opción popular.
