GETA

La base dei vari elementi è realizzata in legno di Iroko naturale trattata con olio per esterno. Il legno nel tempo acquisisce una colorazione bruno chiaro naturale ed è quindi consigliabile eseguire a inizio stagione una ripassata con olio per legno da esterno. Schienali e braccioli con struttura in legno e poliuretano espanso rivestiti con fibra poliestere. Il rivestimento interno degli imbottiti è idrofugo con prefodera spalmata impermeabile. Gli elementi rivestiti sono agganciati alla base con tasselli di legno e alluminio e sono facilmente rimovibili per facilitare la sfoderabilità e il lavaggio del tessuto.

The element base is in natural Iroko wood treated with outdoor oil. Over the course if time, wood may acquire some natural light brown colouring so a treatement with outdoor oil is advisable at the beginning of the season. Polyurethane backs and armrests with wooden inner frame upholstered with polyesther fiber. Lining and upholstery in coated water-proof materials. The upholstered elements are joined to the base through wooden and aluminium blocks and can be easily detached to help the removal and cleansing of the fabric.

Die Basis der verschiedenen Elemente besteht aus Naturholz von Iroko mit Öl für außen behandelt Im Laufe der Zeit erhält Holz eine natürliche Farbe hellbraun und es ist daher ratsam, jeden Beginn der Saison mit Holzöl für den Außenbereich zu behandeln. Rücken und Armlehnen mit Holzkonstruktion und Polyurethanschaum mit Polyesterfaser überzogen. Die Innenpolsterung der Polsterung ist wasserdicht mit wasserdicht beschichtetem Vorfutter. Die beschichteten Elemente sind an der befestigt Basis mit Holz- und Aluminiumstopfen befestigt, und sie sind leicht entfernbar, um den Stoff zu entfernen und zu waschen.

FREE STYLE

Questo modello nasce da un'idea di componibilità pressoché infinita. I vari elementi sono accostabili e spostabili facilmente (non serve unirli fra loro) dando vita a molteplici configurazioni. Possono anche vivere autonomamente creando più spazi di seduta. Le schiene sono posizionabili a piacere e si possono spostare anche stando seduti, per ottenere un maggior comfort. Seduta in poliuretano espanso con portate differenziate e fibra poliestere su base in legno. Schienali con struttura in legno rivestita con poliuretano espanso e fondo in gomma antiscivolo. Il rivestimento interno degli imbottiti è idrofugo con prefodera spalmata impermeabile. Il prodotto è completamente sfoderabile. Gli abbinamenti dei cuscini sono a scelta del cliente.

This model springs up from an idea of almost infinite modularity. All the elements can be easily matched and moved (no need to join them) for several configurations or stand independently creating manifold seating solutions. Backs can be positioned to one's choice and can be moved while sitting for a better comfort. Polyurethane seat in differentiated densities upholstered with polyester fiber on a wooden base. Polyurethane backs with inner wooden frame, bottom in anti-slip material. Lining and upholstery in coated water-proof materials. Removable upholstery. Matching cushions of your choice.

Dieses Modell entstand aus einer Idee der Modularität fast unendlich. Die verschiedenen Elemente können kombiniert und leicht bewegt werden (keine Notwendigkeit, sich ihnen anzuschließen) so geben. Leben zu mehreren Konfigurationen. Können Autonom positioniert sein und mehr schaffen Sitzgelegenheiten. Die Rücken können nach Wunsch positioniert werden und kann auch im Stehen bewegt werden sitzend, für mehr Komfort. Sitz aus Polyurethanschaum mit Durchflussraten differenzierte und Polyesterfaser auf Holzbasis. Rücken mit Holzkonstruktion bedeckt mit Polyurethanschaum und Boden rutschfester Gummi.Die Innenpolsterung der Polsterung ist Wasserfest mit wasserdicht beschichtetem Futter. Die Kombinationen der Kissen sind vom Kunden gewählt.

Gli schienali liberi di FreeStyle, Stage, Flying Stage, Stones e Button sono leggeri e maneggevoli, rimangono in posizione grazie al fondo in gomma antiscivolo (ad esempio lo schienale da 65 cm pesa Kg. 2,5)

FreeStyle, Stage, Flying Stage, Stones and Button free standing backs are light and manageable and keep their postion thanks to the anti-slip bottom (for example backs in size 65 cm weight Kg, 2,5)

Die freien Rückenlehnen von FreeStyle, Stage, Flying Stage, Stones und Button sind leicht und einfach zu handhaben. Dank des rutschfesten Gummibodens bleiben sie in Position (zum Beispiel wiegt die 65-cm-Rückenlehne 2,5 kg).

Il nostro concetto di outdoor è unire la massima comodità ed eleganza ad una tecnica di fabbricazione innovativa, ma collaudata da anni. Il risultato è un divano tessile che ha tutte le caratteristiche per poter essere usato all'esterno senza problemi di sole o di maltempo. Le strutture e cuscini sono resi idrorepellenti con l'utilizzo di una fodera interna impermeabile che si asciuga molto rapidamente e che permette anche al tessuto esterno di asciugarsi in pochissimo tempo: il divano dunque può essere lasciato alla pioggia e all'umidità notturna senza problemi. In caso di forte maltempo o per lunghi periodi di inutilizzo è preferibile ripararlo con una fodera antipioggia che siamo in grado di fornirvi a richiesta. Tutti i nostri divani sono comunque sfoderabili e possono essere quindi lavati quando se ne presenti la necessità.

~

Our concept of outdoor is to join the best confort and elegance to a unique and innovative manufacturing tecnique tested for years, The result is a textile sofa with all the suitable features for the outdoor, no matter the exposition to sun and bad weather.The structures and cushions are water-resistant thanks to an inner waterproof cover that gets dry very fast and allows also the upholstery to dry off in a very short time, therefore sofas can be left in the rain and night humidity without any problem. In case of extreme bad weather and when unused for a long tine, it's advisable to protect them with our waterproof covers available on request. The upolstery of all sofas can be removed and whenever necessary.

~

Unser Outdoor-Konzept ist es, maximalen Komfort und Eleganz mit einem zu verbinden innovative Herstellungstechnik, die sich seit Jahren bewährt hat. Das Ergebnis ist ein Textilsofa, das alle Eigenschaften aufweist, um dies zu können im Freien ohne Sonne oder schlechtes Wetter verwendet werden. Die Strukturen und Kissen werden durch die Verwendung eines wasserdichten Futters wasserabweisend gemacht das trocknet sehr schnell und das erlaubt auch der Oberstoff trocknet in kürzester Zeit. Das Sofa kann daher frei von Regen und Nachtfeuchtigkeit bleiben. Bei schlechtem Wetter oder bei längerer Inaktivität ist eine Reparatur mit einer Regenhülle vorzuziehen, die wir auf Anfrage zur Verfügung stellen können. Alle unsere Sofas sind jedoch herausnehmbar und können daher gewaschen werden wenn es nötig ist.
